

CAMERON PARSONS

Senior Consultant

Cameron is a senior risk professional with over 15 years of experience in delivering governance, risk, compliance and control assurance within the financial services sector.

Cameron has held regional and global roles for QBE Group, Munich Re, Liberty and MLC. He has in-depth technical knowledge and expertise across general insurance, life / non-life reinsurance and wealth management.

He has considerable hands on experience in developing and implementing enterprise risk management and compliance frameworks in multiple organisations and countries satisfying diverse regulatory requirements. Cameron has successfully managed multiple regulatory reviews both in Australia and Asia for optimum results.

Throughout his career Cameron has championed and driven change in risk systems, processes and culture. He has successfully enhanced incident management frameworks for effective remediation and reporting, project managed global implementation of risk management software and embedded a risk aware culture.

Cameron holds risk management qualifications, is a certified insurance professional and qualified business continuity professional. He holds qualifications which meet ASIC RG146 requirements for specialist knowledge of Financial Planning, General Insurance, Life Insurance, Insurance Broking, Securities, Derivatives, Managed Investments and Superannuation.
