

Intro Risk Management Training

12th September - Sydney

Attn: Training/Records Manager

Introductory Risk Management Training from InConsult is an excellent way to help introduce and reinforce the fundamental concepts of risk management. Designed to help managers and non-risk professionals simplify key concepts of risk management and help improve people's skills and confidence in identifying, assessing, controlling, treating and monitoring risks.

This one day course is an excellent way to improve people's risk management capabilities and confidence. It contains the perfect balance of theory, practice and fun.

The course uses AS/NZS ISO 31000 risk management standard as the foundations of learning and includes DVD's, games and case studies to make learning effective and memorable.

Course Outline:

- Understanding and Managing Risk
- Risk assessment process
- Key terms
- Risk Management framework
- Control evaluation
- Monitoring risks
- Risk myths
- How to complete a Risk register

Also available as In-house training.
