

JOHN WAGHORN

Senior Consultant

John has over 35 years' business experience in business strategy, financial management, internal audit and corporate change.

John is a key member of the InConsult Service Delivery team and his expertise in local government is invaluable. He is a member of the Local Government Managers Australia (LGMA) and has held senior positions in various local Councils including Cessnock City Council, Singleton City Council and Newcastle City Council.

John's expertise lies in corporate governance, internal audit and risk management while he also has considerable experience in co-ordinating management and community plans at the Councils where he has worked.

He has managed many organisational change projects and has facilitated a wide range of internal and external workshops dealing with contentious issues. He understands the need to strategically manage risks across the broad spectrum of local government activities.
